

Creating Reset Password page using MIT APP Inventor

The screenshot shows a mobile application interface for changing a password. The status bar at the top displays the time 11:21, network speed 9.00 KB/S, and battery level 15%. The app title bar is labeled "Screen1". The main content area has a yellow background. A white dialog box titled "Change Password" is centered on the screen. It contains two text input fields: "Enter New Password" and "Re-enter Password". Below the input fields are two teal buttons labeled "Submit" and "Cancel". The bottom of the screen shows the standard Android navigation bar with icons for the app drawer, home, and back.
